

# ***Student Assistance Survey***

---

Dear Parents,

The latest research on learning indicates that student achievement is best brought about by: 1) direct instruction; and 2) follow-up tutoring. As your child's teacher, I provide instruction and tutoring in the classroom on a daily basis. However, there are times when additional tutoring is needed.

To help me help your child, I would like to know if you can provide some follow-up tutoring at home when necessary.

**DIRECTIONS:** Please check one response next to each subject. (I realize that job demands and the responsibilities of maintaining large families can sometimes limit the amount of help you can offer. Don't feel bad if you have to check the last column.)

<b>READING</b>	___ willing and able	___ willing to try	___ not able at this time
<b>WRITING</b>	___ willing and able	___ willing to try	___ not able at this time
<b>SPELLING</b>	___ willing and able	___ willing to try	___ not able at this time
<b>MATH</b>	___ willing and able	___ willing to try	___ not able at this time
<b>SCIENCE</b>	___ willing and able	___ willing to try	___ not able at this time
<b>SOCIAL STUDIES</b>	___ willing and able	___ willing to try	___ not able at this time

Thank you for taking the time to fill out this survey and for sending it back to school. Education works best when everyone works together.

Sincerely,

---
